### **ASOP Global Foundation Welcomes Lisa Bercu to Its Board of Directors**

WASHINGTON, DC (September 30, 2025) – The [ASOP Global Foundation](#) today announced the appointment of Lisa Bercu as the newest member of its Board of Directors.

Bercu currently serves as Senior Director of Health Policy at the National Consumers League (NCL), the nation's pioneering consumer advocacy organization. With more than a decade of experience in health policy, regulatory affairs, and legislative advocacy, she brings deep expertise at the intersection of patient care, drug access, and public health.

Previously, Bercu spent eight years at the U.S. Food and Drug Administration (FDA), where she served as Senior Regulatory Counsel in the Office of Generic Drugs and later as Senior Advisor to the Deputy Commissioner for Policy, Legislation, and International Affairs. During her tenure, she helped shape key policies that improved patient safety and expanded access to medicines.

Earlier in her career, she held roles in congressional and regulatory affairs at both a national medical society and a reproductive health organization, where she advanced initiatives to strengthen patient care and expand access. She earned her J.D. from Georgetown University Law Center and her B.A. from the University of Michigan.

"We are delighted to welcome Lisa to the ASOP Global Foundation Board," said Justin Macy, ASOP Global Foundation Board Chair and Director of Innovation at the National Association of Boards of Pharmacy (NABP). "Her background at the FDA, combined with her leadership in health policy and consumer advocacy, makes her an invaluable addition as we continue our mission to protect patients worldwide from illegal online drug sellers and ensure safe access to medicines."

The ASOP Global Foundation supports research, education, and multi-stakeholder collaboration to combat illegal online drug sellers and promote safe, reliable access to medicines for consumers everywhere. Learn more at [asopfoundation.pharmacy](https://asopfoundation.pharmacy).
